“

This is such a well organized event, everything is top notch. I'd say the venue is the best part. The seats are super comfortable in the big rooms.

Event Overview

NAV TechDays is the name of a conference, organized by mibuso.com.

This conference offers 2 days full of – technical only and highly relevant – sessions, related to Microsoft Dynamics™ NAV/Business Central.

During 2 pre-conference days, people can attend full-day workshops taught by highly-skilled professionals.

NAV TechDays is the place where some of the best developers and leading business owners cross paths, exchange ideas, find partners and conceive projects. It is where community ties are strengthened and where boundaries will be broken. It is where you want to be to make things happen. If you are passionate about Microsoft Dynamics NAV/Business Central, then you need to be at NAV TechDays!

Target Audience

THE CONFERENCE IS TARGETED TOWARDS:

ALL Microsoft Dynamics NAV/Business Central developers

(working for Microsoft partners or customers, freelancers, trainers, ...)

Technical decision makers, Project managers, IT managers

Although this event takes place in Europe, we welcome all attendees from other continents and regions.

At NAV TechDays, attendees will:

Build technical skills across Microsoft Dynamics NAV/Business Central and be equipped with the tools and knowledge needed to optimize their business development.

Benefit from the opportunity to interact with peers, partners, Microsoft team members, and top industry experts in both structured and informal settings.

NAV TechDays is hosted in a movie theatre, guaranteeing optimal viewing, listening and seating conditions.

And with session lengths of 90 minutes, you are assured of in-depth tracks, sustained with live demos and coding.

Conference Impressions

“ I can watch the sessions on YouTube,
but being there with a large part of
my community is priceless.

*Lovely sessions.
Technical quality of them is
outstanding: great sound,
clear presentations.*
